1 HIGHEST EDUCATION

- PhD Student in Mathematics, "Some Classes of Nonlinear Operators for Fixed Point Problems with Applications", from 2019, October 4, until present (defense in progress).
- Master Graduate: "Optimal Dynamical Systems & Financial Models for Economy", Faculty of Applied Sciences, University "Politehnica" of Bucharest, June 2019.
- B.A. (Mathematics), Faculty of Mathematics and Computer Science, University of Bucharest, June 2017.

2 ACADEMIC/RESEARCH EMPLOYMENT

- Assistant Professor, Department of Mathematics & Informatics, University "Politehnica" of Bucharest, from October 4, 2021 until present.
- Teacher of Mathematics, "Gheorghe Lazăr" National College, Bucharest, from September 1, 2017 until August 31, 2021.

3 TEACHING EXPERIENCE (TUTORIAL)

- Mathematical Analysis;
- Linear Algebra, Analytic and Differential Geometry.

4 RESEARCH DIRECTIONS

- Nonexpansive mappings, and their generalizations (47H09);
- Equations involving nonlinear operators (47J05);
- Methods for solving nonlinear operator equations (47J25);
- Fixed-point theorems (47H10);
- Fixed-point and coincidence theorems (54H25).

5 MEMBERSHIP

- Research Group on Nonlinear Analysis and Optimization.

6 COMPUTER SKILLS

- Advanced in \LaTeX ;
- MS Office;
- Matlab.

7 COMMUNICATION SKILLS

- High proficiency in French;
- Medium proficiency in English.

8 PUBLICATIONS

- Four published papers in selective ISI journals, three of them in the 1st half.

9 AWARDED PAPERS

- One paper awarded by CNCSIS (Q2) and another two in progress.
