National Center of Micro and Nanomaterials

Invitation

The Academy of Romanian Scientists and University Politehnica of Bucharest are organizing the International Scientific Conference “Applications of Chemistry in Nanosciences and Biomaterials Engineering (NanoBioMat)” for young researchers on 24-26 November 2022.

The conference will be held online, on the Microsoft Teams platform.

The topics for the conference include:

- novel materials;
- surface chemistry;
- air and soil bioremediation;
- composite materials and biomaterials;
- applications of natural compounds and chemical products;
- nanomaterials and bionanomaterials for the controlled release of biologically active molecules;
- bionanoproducts for bone and tissue regeneration;
- advanced techniques for material processing.

We look forward to your attendance at the conference.
