

## Europass Curriculum Vitae

### Personal information

First name(s) / Surname(s) **Victor FRUTH-OPRISAN**

Address

Mobile

E-mail(s)

vfruth@icf.ro

Nationality

Romanian

Date of birth

Gender

Male

**Desired employment / Occupational field**  
**Senior Scientific Researcher**  
**CP1**

### Work experience

Dates 1987 →

Occupation or position held Senior Scientific Researcher / Department 7 (Oxide compounds and material science) – deputy of the department

Main activities and responsibilities

- Research in the field of physical chemistry of the oxide materials (single and poly-component), particularly concerning the phase equilibrium, reaction mechanisms and correlations structure-properties in oxides (crystalline and glassy)
- Advanced ceramic materials with special properties (magnetic, electric, optic, mechanic, ex. superconductors, ionic conductors);
- Non conventional route of preparation. Nanopowders, bulk, thin and thick films, 1D nanostructures.

Name and address of employer Institute of Physical Chemistry "Ilie Murgulescu"  
202, Splaiul Independentei, 060021 Bucharest (Romania)

Type of business or sector Academic

Dates 1979 - 1987

Occupation or position held researcher

Main activities and responsibilities Technological Research in Portland Cement Industry

Name and address of employer PROCEMA  
6, Bulevardul Preciziei , Bucharest (Romania)

Type of business or sector Research

### Education and training

Dates 1974 - 1979

Title of qualification awarded "Politehnica" University of Bucharest, BSc graduation Diploma Chemical Engineering in 1979

Principal subjects / occupational skills covered Physical chemistry of the oxide materials

Name and type of organisation providing education and training University of Bucharest, Bucharest, Romania

Level in national or international classification	ISCED 5																														
Dates	1998																														
Title of qualification awarded	PhD in Material Science "Politehnica" University of Bucharest,																														
Principal subjects / occupational skills covered	Phase Equilibria and properties in superconductor oxides from the system $M^{II}$ – $M^{III}$ – Cu – O – coordination: Prof. Dr. Doc. I. Teoreanu.																														
Name and type of organisation providing education and training	"Politehnica" University of Bucharest, Chemical Engineering Faculty																														
Level in national or international classification	ISCED 5																														
<b>Personal skills and competences</b>																															
Mother tongue(s)	Romanian																														
Other language(s)																															
Self-assessment

Social skills and competences	Team work: I have worked in various types of team projects																														
Organisational skills and competences	Good experience in project or team management																														
Computer skills and competences	Good command of Microsoft Office tools. Experience with Origin 7.0																														
Other skills and competences	Sports																														
Driving licence(s)	B																														
Member of professional associations	Romanian Ceramic Society (CEROM), European Ceramics Society (ECERS)																														
Other competences	Member in the board committee of ISRN Ceramics ( <a href="http://www.isrn.com/journals/ceramics/editors/">http://www.isrn.com/journals/ceramics/editors/</a> ) Member in the board committee of Romanian Journal of Materials ( <a href="http://solacolu.chim.upb.ro/ColegiuEditorialeng.htm">http://solacolu.chim.upb.ro/ColegiuEditorialeng.htm</a> ) Reviewer at: J. Eur. Ceram. Soc., J. Amer. Ceram. Soc, J.Mater. Sci., J.Non-Crystall. Solids, Matter.Letter., etc Doctoral courses; Tutorials activities for students and masters; Conferences, workshops and summer school organiser.																														
Awards	Romanian Academy Award "Gh. Spacu" -2006 for the group of papers "Bismuth based advanced ceramics"																														
<b>Additional information</b>																															
Experience in other national/international programs	<ul style="list-style-type: none"> <li>European Regional Development Fund – ERDF, Intervention Domain: 2.2. Research and Development Infrastructure Investments and Administrative Capabilities Development, 2<sup>nd</sup> priority axis: Research, technological development and innovation for competitiveness, Project: INFRANANOCHEM "Modernizing the research and development infrastructure within the „Ilie Murgulescu" Institute of Physical Chemistry of the Romanian Academy, with extension of the interdisciplinary research in the field of nanomaterials and nanotechnologies", (2008-2011), Project Manager</li> </ul>																														

- COST MP0902 Composites of Inorganic Nanotubes and Polymers (COINAPO) (20010-2013) – MC for Romania
- PNII (national complex project), *Ceramic materials, component of SOFC for IT (intermediate temperature)* (2007-2010), Director of the project
- PNII (national complex project), *Superior composite armor plates for protection against multiple threatening* (2008-2011), Responsible of the project
- PNII (national complex project), *Polymer-ceramic nanocomposites foams, for de-pollution of gas flow from thermal power plant* (2008-2011), Responsible of the project
- CEEX (center of excellence) project: "*Optical and electrical processes in hybrid nanostructured materials obtained by intercalation of bi-dimensional crystalline structures*" (2006-2008), Responsible of the project.
- CEEX (centre of excellence) project "*Serpentinite and vinyl polymers based inorganic-organic hydride nanostructures for advanced composites*" (NAHANOSCA)-(2005-2008), Responsible of the project.
- CEEX (centre of excellence) project "*Analysis of the cement structures obtained with alternative combustible*" (IARIS) (2005-2008), Responsible of the project
- CEEX (centre of excellence) project "*Photoconduction and Photoluminescence processes in para-phenilen vinylen/carbon nanotubs and poly- Para phenilen vinylen/ oxide nanoparticles (COMPPPVTNCNPO)*" (2005-2008), Responsible of the project
- Grant AR *Ceramic films and nanopowder oxides with ionic conduction properties* (2005-2006), Director of the project
- Scientific Cooperation *Modifications determined by twin-ions in zirconia composites* with Institute of Nuclear Science Vinca Belgrad (2005-2007), Coordinator of the Romanian group
- *Polar Electroceramics POLECKER*, thematic network in the frame of *Competitive and Sustainable Growth*, contract No G5RT-CT-2001-2005-05024 on 14/03/01 (2002-2006), Participant
- Project COST 539, *Electroceramics from Nanopowders Produced by Innovative Methods - ELENA* (2005-2008), National responsible
- Project COST 525 *Grain Boundary Engineering* (2003-2005), Participant
- Interdisciplinary program for the prevention of high-risk phenomena at national scale, Academica XIII (155) 62 (2003): *Oxide films with mixed conduction as sensors in environment monitoring* (2003-2005), Responsible of the sub-project
- Project MATNANTECH, *Research Centre in Nanotechnology for new Materials and Processing (NANOMATFAB)*, Sub-program S10, Nr. Project 3100258, Contract 152 (310), 2003-2005, Participant
- *Oxide materials with special electrical and magnetic properties* - Grant ANSTI/MEC 5206/1999 and 6029GR/2000 (1999-2001), Director of the project
