EDUCATION AND TRAINING

2010 - 2013

Postdoctoral degree diploma

ISCED 6

Universitatea Politehnica din Bucuresti, Facultatea IMST

- Image processing
- artificial intelligence
- NDT penetrant
- industrial automation

2011 - 2013

Master of Science in Quality Evaluation of materials and products (ECMP), Industrial Engineering

ISCED 6

Universitatea Politehnica din Bucuresti, Facultatea IMST

- quality inspection
- Non-destructive control

1999 - 2002

PhD diplome in Computer Science

ISCED 6

De Montfort University, Leicester, United Kingdom

- Image processing
- radiographic imaging
- artificial intelligence
- Non-destructive control

1998 - 1999

Master of Science in Human Computer Systems

ISCED 6

De Montfort University, Leicester, United Kingdom

- Artificial Intelligence, Virtual Environments, Intelligent and Autonomous Robots, Cognitive Psychology, Evolved Interfaces, Human Factors in ICT Systems

1993 - 1998

Computer Science Engineer

ISCED 5B

Universitatea Politehnica din Bucuresti, Facultatea de Automatica si Calculatoare, Sectia Calculatoare

- Software
- databases
- Interface design
- electronic and integrated devices
- assisted design
- expert systems
- artificial intelligence
- Numerical calculation

1989 - 1993

Bacalaureat diploma

ISCED 4B

Liceul de Informatica (Matematica Fizica nr. 1), Bucuresti

Communication skills

- good communication skills acquired through the experience of manager or project manager for projects with national and European funding
- good communication skills acquired through the activity of the university (working with the students, with the other colleagues, etc.)

Organisational / managerial skills

- Project management: experience gained in European-funded research / development / innovation projects (Longlife Learning, Structural Funds, Erasmus+, EEA grants, National funded grants) – more than 15 project managed in the capacity of project manager or project responsible
- Research / development / innovation center management - experience gained through first-time management as a research director and then as director of the Research / Development / Innovation Center UPB - CAMIS (Center for Research, Consulting and Technical Assistance in Materials Engineering and Welding) from the TMS department, IMST Faculty, Polytechnic University of Bucharest – currently managing over 12 EU funded RDI projects with
- Organizational skills gained through the organization of ANC professional training programs (CNFPA), training programs recognized by CNFP and a postgraduate ICT program for teaching staff in postgraduate education

Job-related skills

- The skills gained in over 20 years in higher education are curriculum design and development, research and professional training, teamwork skills and communication with both students and colleagues, understanding of modern learning / teaching / training concepts, Ability to create successful relationships between business and university.
- Since 2002, I have continuously modernized and managing the Information Technology Lab for students from the specialties of Quality Engineering, Welding Engineering and Industrial Safety Engineering.
- In 2004 I set up the Industrial Automation Laboratory, which I was responsible for until 2012. Within this laboratory, students can experiment with CAD technologies using a KUKA IR welding robot. We have completed 3 completely new laboratory works for IMST, Mechanics, ISB, Transport and Aircraft students at the Materials Technology discipline.
- In 2017 I successfully created and I am currently managing the Additive Manufacturing Research Laboratory.
I have gained experience in logistics and human resources through the fact that I am responsible for the above mentioned laboratories.
- Since 2009 I have been a Research Director at the UPB-CAMIS Research / Development / Innovation Center, and since 2013 I have been the Director of this Center. From this perspective I have acquired managerial skills and teamwork and communication skills, including with the business environment.
- Responsible for Master's Degree Program Quality Engineering 2016-present, UPB, IMST
- I am responsible for the CAMIS e-Learning Management System and in this capacity I have learned how to setup and customise an e-learning platform and how to convert educational materials into e-learning format.

Computer skills

Programare

- C, C++, DBase, Assembler, Pascal, Visual Basic, Borland Delphi, HTML, Java, JavaScript, CSS, XML, XSL

Sisteme de Operare

- Windows 3.11/95/98/2000/NT/XP/Vista/7/8, Dos, Unix, Linux

Pachete software

- Microsoft Office (Word, Excel, PowerPoint, Access, FrontPage, Publisher)

Graphics and Design

- Corel Draw, Photo-Paint, SPICE, Macromedia Director, Macromedia Flash

CAD

- Autocad, AutoCAD Inventor, Trimble Sketch-up, Mechanical Design, CATIA, ANSYS
- Additive manufacturing Slicing software
- Virtual and Augmented reality generation software
- E-learning platforms (e.g. Moodle)

- Research skills**
- Throughout my work, I coordinated students from BSc and MSc programmes for Student Scientific Communication Workshops, some of whom were awarded by the Evaluation Commissions. The scientific research activity is based largely on continuing doctoral and postdoctoral studies. Research experience has been gained also by being a Research Director and Managing Director for the Research Development and Innovation CAMIS center within University Politehnica of Bucharest (www.camis.pub.ro). Thus, my main concern is the application of information technology to industrial processes, as part of the Industry 4.0 related concepts, especially for quality control of products and processes and their automation and additive manufacturing technologies. The publishing activity consists of the presentation of some original results, some of which are successfully applied in the industry (automatic detection of bone fragments in the food industry - algorithms based on image processing and artificial intelligence applied to radiographic images of the controlled product - system built and marketed by Spectral Ltd. in the United Kingdom) and various research findings in the field of 3D printing. Within the research activity I have always made a sustained effort to obtain and realize research / development / innovation contracts through various competitions. I coordinated as project director 6 international research-development-innovation projects, 4 research projects with national funding and more than 10 projects as project responsible. I also participated as an expert in several research contracts with national or international funding. Fields of research and interest include:
 - Additive Manufacturing
 - Techniques of Artificial Intelligence applied to industrial engineering
 - Radiographic imaging and image processing
 - CAD / CAM systems; computer assisted manufacturing
 - Augmented and Virtual Reality
 - Introduction of information technology and computers into industrial processes
 - Modeling and finite element simulation
 - Intelligent composite materials
 - Ultrasounds and their applications
 - Automation of production systems
 - Computerization and automation of quality and material quality evaluation processes
- Other skills**
- Hobby: enthusiastic aquarist, member of the Aquaristic Association of Romania
 - Bowling: Member and former player in the National Bowling Championship in Romania
 - Keen fisherman
- Driving licence**
- B, since 1993

ADDITIONAL INFORMATION

- Publications**
- Over 15 academic books in publishers with ISBNs; over 10 specialized / technical books with ISBN; 2 theses; over 40 scientific papers indexed ISI / BDI; 11 scientific papers in periodicals with international circulation; 5 scientific papers in periodicals with national circulation; 24 scientific papers in international events; 15 scientific papers in national events; co-author of 7 patents
- Affiliations**
- Asociatiei Romane de Tehnologii Neconventionale
 - Asociatia pentru Ecotehnologie, membru fondator
 - Asociatia Universitara de Ingineria Fabricatiei
